General Applications:
Forest Lite™ Type 1 is a single jacket, polyurethane lined lightweight hose intended for use in wildland fire suppression

Construction:
Lining – The Thermoplastic extruded PU interior lining shall be a single-ply extruded tube and shall be unaffected by ozone. The finished form shall be free of pits or other imperfections and shall have a smooth finish. No reclaimed material shall be used.

Jacket Construction – The jacket is virgin high tenacity polyester.

Color – White

Service Temperature Range:
-40°F (-40°C) to +150°F (+65°C)

Features and Advantages:
• ISO 9001 - Forest Lite™ Type 1 fire hose products are manufactured in a registered facility in Buenos Aires, Argentina.

Couplings:
Expansion-type hard coat anodized aluminum. NST, NPSH, or Quarter-Turn couplings are available.

Packaging:
Available in 50' and 100' lengths.
Ease of Packing – Lightweight, extremely flexible and easy to pack.
